*Dallas Super Model's* top notch workshop instruction is based on the same techniques used by today's top models. *Dallas Super Models* doesn't just focus on runway modeling, but all aspects of the industry.

Student and parents will gain knowledge of the industry, getting started and sustaining in the business, how to gain proper representation and be equipped with the proper tools.

Dallas Super modeling is centered on a belief on developing a positive self-esteem, and developing basic life skills that will last a lifetime. That's why we teach more than how to walk a runway or take a pretty picture. We teach lessons in interviewing, etiquette, effective speech delivery, resume development and the importance of a groomed appearance and even basic manners.
